

Release Date: October 16, 2024

## Patrick Leahy Lake Champlain Basin Program Announcement Request for Proposals

# Large Education and Outreach Projects

The Patrick Leahy Lake Champlain Basin Program (“LCBP”), in coordination with the New England Interstate Water Pollution Control Commission (“NEIWPC”), is pleased to announce this funding opportunity for large education and outreach projects that will address strategies and tasks outlined in the Informed and Involved Public chapter of [\*Opportunities for Action: An Evolving Plan for the Future of the Lake Champlain Basin\*](#). This opportunity is to support projects with a timeframe of January 2026 through March 2028. Award notices will be issued in Summer 2025.

For this funding cycle, priority topics set by the Lake Champlain Steering Committee include:

### **Road salt**

Outreach programs, materials, or trainings for municipalities, landscapers, contractors, and homeowners about the impacts of winter deicing salts.

### **Phosphorus loading/cyanobacteria**

Outreach programs or materials to explain nutrient loading, blooms, legacy phosphorus, loading reduction efforts, health and recreational impacts, and actions that individuals can take to help prevent phosphorus loading and cyanobacteria blooms, especially in areas experiencing first-time blooms or those where drinking water is affected.

### **Aquatic organism passage**

Outreach programs or materials to increase the understanding and appreciation of the benefits of enhancing AOP, including habitat and water quality improvement and flood resilience.

### **Climate change adaptation and flood resilience**

Outreach programs or materials to increase communities’ knowledge of the impacts of climate change, including water quantity and quality and forest health, as well as the value of wetlands, floodplains, and connected habitats to flood resilience.

**Grants between \$15,000-\$50,000 will be awarded.** LCBP anticipates a total of approximately \$600,000 will be available to be awarded. This work will support LCBP’s management plan, [\*Opportunities for Action: An Evolving Plan for the Future of the Lake Champlain Basin\*](#).

This grant opportunity is supported by funds awarded to NEIWPC by the U.S. Environmental Protection Agency (EPA) and Great Lakes Fishery Commission (GLFC) on behalf of the Lake Champlain Basin Program. Partial funding of total application requests may be awarded if agreeable to the applicant. LCBP anticipates granting multiple awards from this RFP. All awards are subject to funding availability.

This RFP is available on the Lake Champlain Basin Program website ([lcbp.org/grants](http://lcbp.org/grants)).

Category	Description	Award amounts	Proposals due	Project Timeframe
Education and Outreach – Large	Projects that will address strategies and tasks outlined in the Informed and Involved Public chapter of <i>Opportunities for Action</i>	\$15,000 - \$50,000	Thursday January 9th, 2025 at 12pm (noon) EST	January 2026 – March 2028

## I. INQUIRIES AND GRANT WRITING RESOURCES

Please direct all inquiries to:

Colleen Hickey, LCBP Education and Outreach Coordinator

Email: [chickey@lcbp.org](mailto:chickey@lcbp.org)

Phone: 800-468-5227 (Toll free in VT/NY) or 802-372-0211

Grant writing resources can be found on the LCBP Grantee Toolkit page:

<https://www.lcbp.org/about-us/grants-rfps/grant-toolkit/#grantwritingresources>

## II. ELIGIBILITY

Eligible organizations include public or private schools or other educational institutions; and municipalities including municipal boards, commissions, or committees in the United States and Canada; 501 (c)(3) nonprofit organizations or citizen groups such as watershed associations working in coordination with such an organization that applies on their behalf and will manage the grant funds; Natural Resources Conservation Districts (VT) and Soil and Water Conservation Districts (NY). Private businesses, individuals, and state or federal government agencies may collaborate with one of the above groups but are not eligible to be the primary applicant. Regardless of organization type, eligible applicants in the U.S. must have a Unique Entity Identifier (“UEI”) number. Canadian-based organizations are no longer required to provide a UEI number as these projects are not supported with U.S. federal funds. **An organization may submit up to two proposals as the primary applicant to this grant category.**

Approximately \$600,000 is available to support awarded projects from this opportunity. Grant award recipients will be notified in May 2025. Successful projects will begin no sooner than January 1, 2026.

Individuals and representatives from organizations that participated in the development or review of this RFP and its contents are not eligible to apply.

Please note that applicants working on stormwater-related projects on public school campuses affected by the Vermont Three-Acre Rule must work through the [Green Schools Initiative](#) to meet permit requirements.

All eligible U.S. applicants must have a Unique Entity Identifier (“UEI”) number. Canadian-based organizations are no longer required to provide a UEI number as these projects are not supported with U.S. federal funds.

Applicants with current LCBP/NEIWPCC contracts must be in good standing (i.e., all deliverables that are due have been received by LCBP) to be eligible to apply for additional funds. New project work must be distinct from currently contracted work in both objectives and deliverables. Extensions of ongoing projects with new tasks and deliverables will be considered if groups demonstrate satisfactory progress on the current grant.

### **III. THE PATRICK LEAHY LAKE CHAMPLAIN BASIN PROGRAM AND NEIWPCC**

The Lake Champlain Special Designation Act of 1990 designated the Lake Champlain Basin as a special project area under the Agricultural Conservation Program and established the Lake Champlain Management Conference to publish a pollution prevention, control, and restoration plan for Lake Champlain. Following EPA’s approval of the LCBP plan entitled, [Opportunities for Action: An Evolving Plan for the Future of the Lake Champlain Basin](#), the Daniel Patrick Moynihan Lake Champlain Basin Program Act of 2002 established the Lake Champlain Basin Program and authorized EPA to provide support to New York, Vermont, and NEIWPCC for implementation of the Plan. The Act was reauthorized in 2022, formally renaming the LCBP to the Patrick Leahy Lake Champlain Basin Program and authorizing the Program through 2027.

NEIWPCC was established by an act of the United States Congress which ratified the New England Interstate Water Pollution Control Compact in 1947. NEIWPCC is a regional commission that helps the states of the Northeast preserve and advance water quality. NEIWPCC engages and convenes water quality professionals and other interested parties from New England and New York to collaborate on drinking water, wastewater, and environmental science challenges across shared regions and ecosystems. NEIWPCC has served as the primary program administrator of LCBP and administers the program’s personnel, finances, quality management program, and contracts.

In accordance with the Act, LCBP and NEIWPCC work in partnership with EPA, government agencies from New York, Vermont, and Québec, private organizations, local communities, and individuals to coordinate and fund efforts that benefit the Lake Champlain Basin’s water quality, fisheries, wetlands, wildlife, recreation, and cultural resources.

**Diversity, Equity, and Inclusion:** The Lake Champlain Basin Program is committed to advancing diversity, equity, and inclusion across our work. Proposals demonstrating benefits to communities with disadvantages will be given additional weight during the proposal evaluation

process. Please review [LCBP’s communities with disadvantages definition and guidance](#) for more information. Questions relating to LCBP’s definition, or this portion of the proposal evaluation process can be directed to Mae Kate Campbell, Associate Scientist ([mkcampbell@lcbp.org](mailto:mkcampbell@lcbp.org)).

#### IV. GRANT CATEGORY DETAILS

The LCBP seeks proposals from organizations for projects that will address strategies and tasks outlined in the Informed and Involved Public chapter of *Opportunities for Action*.

#### V. TIMEFRAME FOR SUCCESSFUL PROJECTS

Successful applicants will complete projects according to the following schedule (subject to change):

Proposals due to LCBP	12pm (noon) EST on Thursday January 9th, 2024
Applicants notified of funding decisions	May 2025
Detailed project workplan due	August 2025
Project start**	After January 1, 2026
Project deliverables and final report due on or before	March 31, 2028***

\*\* Please note that work may not begin on the funded tasks of the project until a signed, executed agreement is in place with NEIWPC.

\*\*\*If your proposed project extends beyond the final report due date above, please contact Colleen at [Chickey@lcbp.org](mailto:Chickey@lcbp.org) prior to submission.

#### VI. PROPOSAL EVALUATION AND SELECTION CRITERIA

Proposals received in response to this RFP will undergo a confidential external peer review, and will be evaluated according to the following criteria:

1. **Impact (45 points).** Extent to which the project will:
  - a. (25 points) inform adults or students about Lake Champlain issues, specifically topics to advance goals identified in *Opportunities for Action* (2022 edition) and encourage hands-on activities for citizens and/or reaches new audiences.
  - b. (20 points) result in benefits to communities with disadvantages per [LCBP’s definition](#). Projects that benefit a community with disadvantages that meet multiple criteria included in LCBP’s definition and demonstrate meaningful involvement from the selected community will receive 20 points for this criterion. Projects that benefit a community meeting only one criterion or do not demonstrate meaningful involvement with communities with disadvantages will receive between 5-15 points proportional to the degree or benefit or engagement

with the identified communities. Additional information on LCBP's communities with disadvantages definition is provided above.

2. **Likelihood of Success (20 points)**. Extent to which objectives and tasks are well-defined, support the project concept, and are feasible within the proposed schedule. Outputs should demonstrate task completion.
3. **Organizational capacity of project team (10 points)**. Knowledge and experience with education and outreach related to the Lake Champlain basin and capacity of the applicant to successfully complete the project.
4. **Partnerships (10 points)**. Multi-jurisdictional projects are encouraged. Extent to which the applicant demonstrates the commitment to work with other partners or leverage other funding sources to achieve project goals. Extent to which the project enhances other education and outreach efforts in the basin (VT, NY, and QC). Projects taking place on private land should demonstrate a clear benefit to the surrounding community.
5. **Budget (10 points)**. Appropriateness and clarity of the task-based budget and budget justification, relative to project objectives. The total LCBP funding request must be within the scope of the grant category. Vague or inflated budgets will not be competitive. Clarity and conciseness of proposal, adherence to format and relevance to RFP. Non-federal in-kind or cash match is not required, though match will be considered favorably during budget review and may make proposals more competitive.
6. **Evaluating Success (5 points)**. Ability of the project to gauge or evaluate success of the outreach programming in this grant in terms of effecting personal or societal behavioral change, to improve the water quality of Lake Champlain.

## VII. SUMMARY OF REQUIREMENTS FOR SELECTED APPLICANTS

1. **Workplan:** Within thirty days of LCBP grant award notification, applicants must submit a detailed project workplan that will be subject to the LCBP approval process before a contractual agreement will be issued. The workplan describes the project methods, tasks, timeline, outputs, and task-based budget that will be supported with these grant funds, if awarded. As you develop the task-based budget, keep in mind that payments will only be made for fully completed tasks. Payments for partially completed tasks will not be processed. If a project is selected for funding, LCBP staff will provide the grant recipient with workplan guidance. We strongly encourage all applicants to visit the LCBP website for more information on the LCBP grant process and reporting templates: <http://www.lcbp.org/about-us/grants-rfps/grant-toolkit/>
2. **Quality Assurance Project Plans (QAPPs)** are required for all activities involving the collection, generation, compilation, management, analysis, evaluation, and/or use of environmental data. When necessary, the successful applicant will prepare a QAPP as part of the project workplan. It is possible that some grants might not require a QAPP. Please contact LCBP staff if you are unsure about the QAPP requirement. The QAPP must be fully approved before any environmental data collection or analysis activities can begin on a project. For projects requiring a QAPP, NEIWPC/LCBP will not pay for any data collection or analysis activities started prior to development and receipt of a fully approved QAPP. The QAPP development and approval process can be quite lengthy (up to 90 days,

depending on the size of the project), so please make sure that an appropriate amount of time has been allocated to this step in the project budget and timeline. More information about the LCBP QAPP process can be found at this link: <http://www.lcbp.org/aboutus/grants-rfps/grant-toolkit/qapp/>.

- 3. Reporting:** The successful applicant will prepare and submit brief quarterly reports documenting progress on each objective and task in the project. A final report fully documenting the project results will be required at project completion. When approved, the final report will be edited for content and style in consultation with the successful respondent and may be published as part of the Lake Champlain Basin Program's Technical Report Series, located here: <http://www.lcbp.org/media-center/publications-library/technical-reports/>. Some content of this report may also be used for future LCBP public outreach materials.
- 4. Reporting Metrics:** Effective after the release of the [2022 Opportunities for Action Lake Champlain Watershed Management Plan \(OFA\)](#), all LCBP-funded grants must provide standardized reporting metrics within the project workplan and final report. Reporting 9 metrics will be considered preliminary at the application and workplan stages and final at the final report stage of your grant. Reporting metrics will be based on the applicable OFA strategy(ies), grant category, and project type. Personnel time used for reporting metrics is an eligible grant expense. The most up-to-date version of this guidance can be found on the LCBP website: <http://www.lcbp.org/about-us/grants-rfps/grant-toolkit/>.
- 5. Direct and indirect costs:** Applicants should budget costs that are associated with the project as direct expenses, including personnel costs, travel, project supplies (mailings, phone costs, office supplies) etc. Necessary indirect costs that are not directly attributable to funded activities are subject to the following policy:

  - a. Applicants that do not have a Negotiated Indirect Cost Rate Agreement (NICRA) may charge a maximum indirect rate of 10 percent of direct costs (de minimis rate)
  - b. Applicants (including academic institutions) with a valid NICRA with their cognizant federal agency can charge indirect costs to projects based on their negotiated indirect cost rate and must enclose a current copy with their proposed work plan.
  - c. A valid NICRA is one in which the effective period has not expired. Applicants must provide a copy of their valid NICRA with their application in order for indirect cost reimbursement to be considered. If the effective period of the NICRA has expired but the grantee has documented evidence (via an indirect cost rate proposal) that they have reapplied for a new rate, the expired rate may be accepted.
- 6. Procurement of supplies, equipment, and services:** Grant applicants are required to follow the small purchase method which is a relatively simple and informal method (procurement procedure) for purchasing supplies, equipment, and services that cost more than \$10,000 and less than \$250,000. This procurement procedure is applicable to proposals submitted in response to this RFP if the primary applicant is not a for-profit organization. The purpose is to ensure fair and open competition for purchases supported by LCBP/federal funding. If the

applicant plans to use LCBP funding to obtain supplies, equipment, or contractual services to complete its proposed workplan, then it must follow federal procurement regulations:

- a. Procurement of supplies, equipment, and services that do not exceed \$10,000 may be made without soliciting competitive quotes if the price is considered reasonable.
- b. Procurement of supplies, equipment and services that are greater than \$10,000 and do not cost more than \$250,000 require that the recipient obtain multiple price quotes through a documented competitive process. Good faith efforts to obtain services from disadvantaged business enterprises should also be made, including contacting the small business administration and minority business development agency to inform them about the opportunity for businesses to submit price quotes as part of the competitive process. At least three price quotes for professional services or subcontracted work must be secured. The selected item or service does not need to be the lowest cost if it does not meet your requirements, or you can otherwise demonstrate that the higher price offers the “best value.” Justification must be provided for the outcome of the bid process. This process may take place prior to the submission of a proposal for LCBP funds.
- c. Procurement of supplies, equipment, and services that cost more than \$250,000 are required to follow formal procurement methods described in the US Code of Federal 10 Regulations 2 CFR 200.320 Methods of procurement to be followed, available at this link: <https://www.ecfr.gov/current/title-2/section-200.320>
- d. “Equipment” is defined as tangible, non-expendable, personal property having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit. Equipment purchases may require additional information at the time of purchase, an LCBP staff person taking inventory on an annual basis, and disposition instructions from funding source following the completion of the project. For further information, see 2 CFR 200.1 “Equipment”.

**7. Work product accessibility:** All materials and work products, regardless of physical form or characteristics, produced as a result of this project shall be made available to LCBP, NEIWPC, and EPA in a suitable file format. LCBP, NEIWPC, and EPA shall have an unrestricted right to use any materials, software, maps, studies, reports, and other products or data generated using assistance funds or specified to be delivered. The contractor shall not obtain, attempt to obtain, or file for a patent, copyright, trademark or any other interest in any such materials, or work products without the expressed, written consent of LCBP and NEIWPC, and subject to any other approvals required by state or federal law. Reports and other deliverables will credit LCBP, NEIWPC, and EPA as funding partners for any work completed under the project contract.

**8. Geospatial Data:** GIS data produced under this project must adhere to the requirements of EPA’s National Geospatial Data Policy (see [https://www.epa.gov/sites/default/files/2014-08/documents/national\\_geospatial\\_data\\_policy\\_0.pdf](https://www.epa.gov/sites/default/files/2014-08/documents/national_geospatial_data_policy_0.pdf)). Specifically, the selected contractor must provide documentation for all produced data, including source information for each digital data layer (i.e., scale and accuracy, map projection, coordinate system, etc.), and specific information about the data layer itself (i.e., method used, geographic extent of data layer, file format, date of creation, staff contact, description and definition of data fields and their contents, related files, if any, and description of data quality and quality assurance

methods used). The EPA Metadata Editor (EME) was developed to simplify and standardize metadata development and is a recommended tool for streamlining production of required metadata. The EME and related training materials can be downloaded from <https://edg.epa.gov/EME/>. Specific technical guidance on geospatial deliverables and acceptable formats can be found at <https://www.epa.gov/geospatial/epa-region-2-gisdeliverables-guidance>. GIS data produced under this project will be submitted to LCBP as a deliverable.

**9. Insurance Requirements:** NEIWPC requires its contractors to maintain workers compensation and liability insurance. Contractors must submit proof of adequate insurance coverage on an annual basis for the duration of the project. The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, both for the benefit of the Commission, the following kinds and amounts of insurance:

- a. Workers' Compensation Insurance. The policy shall cover the obligations of the Contractor in accordance with the Workers' Compensations Law and Disability Benefits Law covering all operations under the Contract, whether performed by it, or by its subcontractor.
- b. Liability and Property Damage Insurance. Unless otherwise specified, each policy shall have limits not less than: \$2,000,000 combined (Bodily Injury & Property Damage); \$3,000,000 aggregate, single limit per occurrence.

**10. Subaward Requirements:** Subawardees must comply with all requirements and responsibilities of this subaward and with all U.S. EPA General Terms and Conditions under the prime agreement as outlined <http://www2.epa.gov/grants/grant-terms-andconditions#General%20Terms%20and%20Conditions>. Subawardees are required to submit a Subrecipient Risk Assessment Form with their proposal ([see LCBP Grant Toolkit](#)). This form includes a requirement to attach an audit in some cases. If a Subawardee fails to submit or complete this form their proposal may be eliminated from consideration.

**11. UEI Number:** The official entity identifier for doing business with the U.S. Government and NEIWPC has changed from a DUNS number to a SAM.gov created Unique Entity Identifier (“UEI”) number. The DUNS number is no longer acceptable. Instead, Contractors must register for a UEI through the System for Award Management (SAM) at <https://sam.gov/content/home>. This SAM-generated number is required for all NEIWPC Contractors as part of the agreement process. Existing NEIWPC Contractors that have already registered in SAM.gov will be automatically assigned a UEI which will be displayed in Sam.gov. No further action is required.

**12. Employment tracking** (does not factor into application scoring or competitiveness):

- a. If applicable, provide an estimate of the number of people and audience type that will be actively or passively engaged in the products of this grant, if awarded.

- b. Provide an estimate of the percentage (to nearest tenth) of new full-time employee positions that will be created if this grant is awarded, and the percentage of existing full-time employee positions that will be supported if this grant is awarded.

## **VIII. APPROPRIATE USE OF FUNDS**

LCBP grant funds **cannot be used** to produce for-profit products or to cover costs associated with regulatory compliance or direct fundraising efforts. Funds awarded from this RFP also may not be used for land purchases, endowment funds, or lobbying or legislative advocacy of any kind. Grant award funding may not be used for the purchase of food or beverage.

No in-kind or cash match is required, though match will be considered favorably during budget review and may make proposals more competitive. Matching funds applied to an awarded grant also must meet the “Appropriate Use of Funds” criteria described above.

## **IX. NEW PROPOSAL SUBMISSION PLATFORM**

The Lake Champlain Basin Program is now using [Foundant](#), a web-based grant management software platform, to accept responses to Requests for Proposals, to manage the proposal review and award decision process, and to manage awarded projects to conclusion with award recipients.

New applicants must create an account to log in to the Foundant system. Each user will create their own account, and the system allows for multiple user accounts per organization. When creating an account, Foundant will also ask for information about the organization. Once the user account is created, the applicant's account will automatically be connected to other accounts from the same organization using the Federal Tax ID (EIN) number. Once this information is collected and the account is created, the user may identify the applicable grant category and begin the proposal submission process. They may also invite partners to assist with the application within Foundant. Proposal questions and format requirements for this request for proposals are provided below for reference and to help applicants prepare their proposals.

**Proposals must be submitted to Foundant; email submissions will not be accepted. Please visit the Foundant [Applicant Tutorial webpage](#) for assistance in creating your individual account, or contact Kerry Crowningshield, LCBP Office Manager, at [kcrowningshield@lcbp.org](mailto:kcrowningshield@lcbp.org) or call 802-372-3213.**

A list of the application questions for this grant opportunity can be viewed below.

# 2025 Large Education and Outreach Projects

---

## *Lake Champlain Basin Program*

### *Before You Begin*

---

#### **Please Read and Confirm\***

Grant details for this opportunity and the full RFP are available at the [LCBP RFPs webpage](#).

I certify that I have read all of the grant details for this opportunity, including the timeframe for successful projects, additional information and requirements for applicants, and proposal evaluation and selection criteria

#### **Choices**

Yes

#### **Please Read and Confirm\***

I certify that I have read and understand the NEIWPC contractual terms and conditions ([Environmental Protection Agency](#) and [Great Lakes Fishery Commission funding](#)) that will be included as part of my award package, should my proposal be awarded for funding. I understand that NEIWPC generally does not negotiate the agreement or contract templates, except for the work plan and task-based budget.

#### **Choices**

Yes

## *Section 1: General Information*

---

#### **Name of Organization\***

*Character Limit: 250*

#### **Project Title\***

Provide a concise and descriptive title for your project, no more than 10 words.

Avoid using your organization's name.

Your project should be identifiable using the **first three words**.

*Character Limit: 100*

#### **One-Sentence Abstract\***

This very brief description of your project should be understandable to a general audience.

Limit to 150 words.

*Character Limit: 1000*

### **Point of Contact Name\***

Individual who will be implementing the grant and be the main point of contact.

*Character Limit: 100*

### **Point of Contact Position\***

*Character Limit: 50*

### **Point of Contact Email Address\***

Email address for the point of contact.

*Character Limit: 254*

### **Point of Contact Telephone Number\***

Phone number for the point of contact.

*Character Limit: 20*

### **Authorized Representative Name**

**\*If different from Point of Contact\***

Individual who is authorized to sign the contract.

*Character Limit: 100*

### **Authorized Representative Title**

**\*If different from Point of Contact\***

*Character Limit: 50*

### **Authorized Representative Email Address**

**\*If different from Point of Contact\***

*Character Limit: 254*

### **Authorized Representative Phone Number**

**\*If different from Point of Contact\***

*Character Limit: 20*

### **Federal Tax Identification Number\***

Also known as FID. Example: 00-0000000

*Character Limit: 20*

### **Unique Entity ID\***

UEI Number, available on SAM.gov

*Character Limit: 20*

### **Organization Mission Statement\***

*Character Limit: 1500*

### **Total Request Amount\***

Please be sure to double check that your budget table **matches your total request amount**, and that amount **doesn't exceed the maximum** before submitting your application.

*Character Limit: 20*

### **Non-Federal Match Amount**

Total proposed non-federal match amount. No in-kind or non-federal match is required, however non-federal match will be considered favorably during budget review and may make proposals more competitive.

*Character Limit: 20*

### **Total Project Cost\***

Total LCBP request + non-federal match amount + funds you intend to leverage from other sources, (i.e., additional federal funds, matching funds obligated to another source)

*Character Limit: 20*

### **Leverage other Resources**

Describe, if applicable, any other funding sources and resources the project will leverage, including other federal funds or matching funds obligated to other sources.

How much of the full cost of the project has been secured?

*Character Limit: 1000*

## ***Section 2: Project Location(s)***

---

### **Address of Organization\***

*Character Limit: 250*

### **Specify the town(s) of the Lake Champlain Basin where the project will occur\***

*Character Limit: 750*

### **Specify the county(-ies) of the Lake Champlain Basin where the project will occur\***

#### **Choices**

Essex County, NY  
Clinton County, NY  
Franklin County, NY  
Warren County, NY  
Washington County, NY  
Addison County, VT  
Bennington County, VT  
Caledonia County, VT  
Chittenden County, VT  
Franklin County, VT

Grand Isle County, VT  
Lamoille County, VT  
Orange County, VT  
Orleans County, VT  
Rutland County, VT  
Washington County, VT  
Le Haut-Richelieu, QC  
Brome-Missisquoi, QC  
Memphremagog, QC

### Specify the HUC8 sub-watershed(s) of the Lake Champlain Basin where the project will occur\*

Please refer to [this link](#) for a map of Hydrologic Unit Code 8 (HUC8) sub-watersheds in the Lake Champlain Basin.

#### Choices

Ausable - 04150404  
Lake Champlain - 04150408  
Lamoille - 04150405  
Otter/Lewis - 04150402  
Poultney-Mettawee - 04150401  
Saranac - 04150406  
Winooski - 04150403  
Missisquoi - 04150403

### Specify the HUC12 sub-watershed(s) of the Lake Champlain basin where the project will occur\*

Refer to [this link](#) for a map of Hydrologic Unit Code 12 sub-watersheds in the Lake Champlain Basin. **Please list the 12-digit HUC12 sub-watershed number(s).**

If your project is implemented in multiple sub-watersheds, list the top 3 sub-watershed numbers where your project will occur.

*Character Limit: 250*

## Section 3: Project Description

---

### Project Summary\*

Please describe your project in **3-5 sentences**. Include details about specific objectives, ie the overall goals of the project. For example, make more families familiar with the natural and historic resources and pollution concerns of our subwatershed.

*Character Limit: 3000*

### **Demonstrated Need\***

Please describe your team's strategy for identifying this project as a priority, explain the demonstrated need for the project and/or if it is identified in management or prioritization plans.

*Character Limit: 1000*

### **Applicability and Impact\***

Describe how the project is applicable to and will advance the Informed and Involved Public goals of *Opportunities for Action*.

*Character Limit: 1000*

### **Communities with Disadvantages Engagement\***

Describe, if applicable, any benefits for or engagement with communities with disadvantages that your project will include, drawing on LCBP's *definition* and accompanying *mapping tool* as needed.

Type n/a if not applicable. Please remember that this is worth a possible 20 points on the evaluation.

*Character Limit: 1000*

### **Project Partnerships\***

If applicable, provide a summary of potential project partners, the nature of the partnership. Multi-jurisdictional projects are encouraged. Projects taking place on private land should show a clear benefit to the surrounding community. Up to three signed letters of support confirming any major partner's involvement with your project can be submitted as PDF documents in *Proposal Section 5: Supporting Information*.

*Character Limit: 1000*

### **Organizational Capacity and Likelihood of Success\***

Include explanation of your organization's capacity and experience to successfully complete the project, including past performance of the project team with LCBP grants.

*Character Limit: 1000*

### **Evaluating success\***

Provide a summary of how you plan to gauge or evaluate success of the outreach programming in your project in terms of affecting personal or societal behavioral change, to improve the water quality of Lake Champlain.

*Character Limit: 1000*

### **Outreach\***

Describe how the project justification and benefits will be communicated to local community members and stakeholders.

*Character Limit: 1000*

## Climate Resilience

Explain how the project will advance climate resilience in the Lake Champlain Basin in addition to achieving the goals of the applicable category. Type in n/a if not applicable.

*Character Limit: 1000*

## Quality Assurance Project Plan (QAPP)\*

Projects that involve the collection, generation, compilation, management, analysis, evaluation, and/or use of environmental data to inform management decisions will require a Quality Assurance Project Plan (QAPP).

Please review the information on this webpage (<https://www.lcbp.org/about-us/grants-rfps/grant-toolkit/qapp/>) and reach out to an LCBP staff member if you are unsure if your project will require a QAPP.

### Choices

I have reviewed the QAPP guidance and do not believe a QAPP will be required for this project.

I have reviewed the QAPP guidance and believe a QAPP will be required for this project.

## Description of audience(s) reached\*

Provide a brief description of the audience type and estimate the number of community members/students to be reached through this project.

*Character Limit: 500*

## Project Output\*

List all anticipated outputs for the project. An output is an activity or product (i.e. deliverable) generated as a result of a task.

*Character Limit: 1000*

## Anticipated Outcomes\*

List all anticipated outcomes for the project. Outcomes are the results or effects of all activities, e.g. a better informed public.

*Character Limit: 1000*

## Project Task Outline and Table\*

Please download and complete the [LCBP Project task table template](#) and upload the completed file below. Please use this to outline your project objectives, tasks to fulfill these objectives, deliverables/outputs produced by each task, and timeline for task completion. An example is provided in the linked document.

Note that Project Deliverables are required and include:

1. All deliverables/outputs listed in your task table.
2. Quarterly reports due on January 10, April 10, July 10, and October 10 during the period of the grant.
3. Digital copies of (or electronic links to) any media coverage the project.

4. Three digital photos (highest resolution and size possible) of people participating in activities relating to the grant.
5. LCBP Project Metrics Report
6. Approved Final Report
7. A signed NEIWPC Match Certification Form if match was provided for the project.

*File Size Limit: 3 MB*

### **Project Task Descriptions\***

Please describe each project task in detail, including measurable outputs, task deliverables, task timelines, and associate each task with the correct task number from your Project Task Outline and Timetable above. Provide justification for project locations and methodologies whenever possible.

- For projects requiring fieldwork, please provide the measures taken to reduce the spread of invasive species.
- If applicable, include a description of community education and outreach components of the project, and any public-facing informational signage that includes CVNHP, NEIWPC and U.S. EPA/GLFC logos.
- If possible and applicable, estimate of the measurable impact of the project (e.g., number of people reached, involvement in watershed related projects, number of trees planted).

*Character Limit: 7000*

## ***Section 4: Budget and Justification***

---

### **Budget and Non-Federal Match Tables\***

Please download the [\*LCBP Grants Budget Calculator Spreadsheet\*](#), use it to develop your budget and non-federal match tables, and upload them below. In your budget, include complete details for all costs by major budget categories (e.g., personnel, travel, supplies, professional services), linking costs to the specific tasks in the project task table. Include any non-federal matching funds that will be utilized for this project in the non-federal match table in the same spreadsheet.

*File Size Limit: 4 MB*

### **Budget Justification: Personnel**

For all tasks, please describe in detail how the estimate of personnel cost was determined. E.g., if personnel estimates are based on hourly rates, please include the rates and number of hours estimated for each task with justification details.

*Character Limit: 1000*

### **Budget Justification: Fringe**

Fringe refers to benefits and is calculated as an appropriate percentage of personnel costs for each Task. For all tasks, please describe in detail how the estimate of fringe cost was determined, if applicable.

*Character Limit: 1000*

### **Budget Justification: Travel**

For all tasks, please indicate anticipated travel. The 2024 standard mileage rate is 67 cents/mile.

*Character Limit: 500*

### **Budget Justification: Supplies**

For all tasks, please describe in detail how the estimate of supplies cost was determined. E.g., include the estimated cost and number of each item.

*Character Limit: 1000*

### **Budget justification: Professional services**

Professional services line is to be used if you are hiring a subcontractor to complete workplan tasks. For all tasks, if applicable, please describe in detail how the estimate of professional services cost was determined.

*Character Limit: 1000*

### **Budget Justification: Indirect**

For all tasks, please describe in detail how the estimate of indirect cost was determined. The maximum indirect rate is 10% of direct costs unless you have a Negotiated Indirect Rate Cost Agreement (NICRA). **DO NOT** round up on any indirect costs. Please see [details here](#).

*Character Limit: 1000*

### **Budget Justification: Non-Federal Match**

If your proposal includes non-federal matching funds, describe the source(s) of these funds below. While matching funds are not required, they make projects more competitive. Federal funds may not be used as match. If matching funds are from a Vermont or New York State agency, provide a letter certifying those funds are eligible for match against LCBP funding. Please double check that any State matching funds are not already dedicated to EPA Section 120 LCBP program match.

*Character Limit: 1000*

### **Budget Justification: Additional Information**

Use this space to add any additional budget justification information not covered above, if needed.

*Character Limit: 1000*

## Section 5: Opportunities for Action Selection

---

### OFA Strategies (select all that apply)\*

Check the *Opportunities for Action* strategies your proposed project will address. Descriptions for each strategy can be found [at this link](#).

Please note that for each strategy you choose, you must provide a deliverable, outcome, output, or other metric when submitting your Final Report.

More detailed information can be found on pages 34-65 of *Opportunities for Action*.

### Choices

I.A.1	II.B.2	III.B.3
I.A.2	II.C.1	III.B.4
I.A.3	II.D.1	III.B.5
I.A.4	II.D.2	III.C.1
I.B.1	II.E.1	III.C.2
I.C.1	II.E.2	III.D.1
I.C.2	II.E.3	IV.A.1
I.C.3	II.E.4	IV.A.2
I.C.4	III.A.1	IV.A.3
I.C.5	III.A.2	IV.A.4
I.D.1	III.A.3	IV.B.1
I.D.2	III.A.4	IV.C.1
II.A.1	III.A.5	IV.C.2
II.A.2	III.B.1	IV.C.3
II.B.1	III.B.2	

## Section 6: Letters of Support and Supporting Documentation

---

### Letter of Support #1

You may attach partner and stakeholder letters of support for your proposal. Landowner letters of support are especially encouraged if your project would take place on privately owned land. Letters may be uploaded separately or together in one document.

*File Size Limit: 3 MB*

### Letter of Support #2

*File Size Limit: 3 MB*

### Letter of Support #3

*File Size Limit: 3 MB*

## **CV/Resume(s)**

You may attach project team CVs/Resumes if desired. Please combine resumes into one PDF document.

*File Size Limit: 5 MB*

## **Technical References**

Upload a document listing the bibliography details for references used in the proposal.

*File Size Limit: 2 MB*

## **Supporting Documentation #1**

Attach additional supporting documentation for this grant application, such as team experience, planning documents, maps, photographs, QAPP development, etc.

Depending on file size, you may upload these documents separately or combine multiple documents into one file upload. If you are combining documents into one file, please ensure all documents are clearly identifiable. List each document in the file by title/type below.

*Character Limit: 500 | File Size Limit: 5 MB*

## **Supporting Documentation #2**

Attach additional supporting documentation for this grant application, such as team experience, planning documents, maps, photographs, QAPP development, etc.

Depending on file size, you may upload these documents separately or combine multiple documents into one file upload. If you are combining documents into one file, please ensure all documents are clearly identifiable. List each document in the file by title/type below.

*Character Limit: 500 | File Size Limit: 5 MB*

## **Supporting Documentation #3**

Attach additional supporting documentation for this grant application, such as team experience, planning documents, maps, photographs, QAPP development, etc.

Depending on file size, you may upload these documents separately or combine multiple documents into one file upload. If you are combining documents into one file, please ensure all documents are clearly identifiable. List each document in the file by title/type below.

*Character Limit: 500 | File Size Limit: 5 MB*

## ***Before you submit your application***

---

Please ensure that your application is complete before submitting. Once you hit submit, you will not be able to edit your application.
